# Micrographic & Scanning Equipment Service Division

# Service Division

---

Genus has an extensive Equipment Service Division to offer service contracts, adhoc callouts and warranty coverage on a large range of micrographic and scanning equipment. Flexibility and responsiveness are the keys to successful service. Our contracts can be tailored to suit individual needs and business objectives.

- Tailored or Standard Maintenance Contracts
- Time and material calls on an AdHoc basis
- Swap out and return to workshop
- Loan or rental equipment
- Site based service-engineer based on site
- Repair of older or little used equipment
- Per click service contracts

# About

Genus has professionally trained and experienced equipment engineers based throughout the UK.

From our advanced workshop facilities at our headquarters in Nuneaton, Warwickshire we can offer coverage throughout England, Scotland, Wales, Northern Ireland and the Republic of Ireland.

Many of our engineers are also highly trained in Networks, Capture Software, Database Management and Document/Records Management Software.

In addition, we currently provide a number of service contracts to organisations throughout Europe.

## Recent Success
